Conwy County Borough Council Employment Monitoring Report 2023-24

Mae'r ddogfen hon ar gael yn Gymraeg hefyd.

1. Introduction

At Conwy, we are committed to developing a diverse workforce and inclusive teams that embrace a wide range of voices, experiences, perspectives and backgrounds. Creating a workplace that is welcoming and where everyone feels they belong ensures we can deliver inclusive services for all our residents.

To enable us to do this, we recognise that we must monitor outcomes in employment to ensure that we do not discriminate through the application of our policies. This report sets out the outcomes for 2023-24 in accordance with our Strategic Equality Plan 2020-24, which can be found on our website here: Strategic Equality Plan 2020-24

To meet our Specific Duties under Equality Legislation we monitor the protected characteristics of:

- Employees currently working for us on the 31st March 2024
- *Men and women broken down by; job, grade, pay, contract type, working patterns
- Applicants for employment over the last year
- Employees that have applied internally to change position within the authority tracking successful and unsuccessful applicants
- Employees who applied for training and how many succeeded in their training applications
- Employees who completed the training
- Employees who are involved in grievance procedures either as the complainant or as a person against whom a complaint was made
- Employees who are subject to disciplinary procedures
- Employees leaving and reasons for leaving

^{*}In legislation this information is required in regard to men and women only

2. Employment Monitoring Data

We collect monitoring data for the following areas:

- Age
- Sex
- Gender Reassignment
- Ethnicity / Nationality
- Disability
- Sexual Orientation

- Religion or Belief or non-Belief
- Pregnancy and Maternity
- Marital or Civil Partnership Status
- Carer Responsibility (not covered by this report)
- Welsh Language Ability (not covered by this report)

Steps have been taken each year to improve the equality monitoring data we hold for existing employees. We respect the right of employees to be counted if they wish whilst also offering the opportunity for them to state they 'prefer not to say'. This means that numbers are not entirely reflective of our overall workforce. Web-recruitment was introduced in 2015, making the provision of this data mandatory, and we have seen a steady improvement in the data captured since then. We have recently developed a survey to send to all staff to update the diversity data we hold and fill in data gaps where possible. Completion of this survey will be encouraged via communications highlighting why we are collecting the information, but completion is not mandatory and staff will be able to respond that they 'prefer not to say'.

Due to the small number of employees of Black, Asian and Minority Ethnic background, this report mostly shows the data aggregated into the overarching category: Ethnic Minority (aligning with terminology currently used in Welsh Government's Anti-racist Wales Action Plan). Doing this avoids the possibility of individuals being identified from the data, but ethnicity data is collected and a workforce overview is shown on page 15/16. This year we have used the term Global Majority alongside Ethnic Minority (a shortened version of the term People of the Global Majority).

Within each table, figures below five have been replaced with an asterisk (*) to protect the identity of individuals. Totals remain unchanged. Some tables within this report reflect a stated snapshot date when the data was captured, whilst other tables capture the performance across a full financial year. During 2023-24 Regulatory and Housing Services was separated into individual services for Regulatory Services and Strategic Housing, which is reflected in the data below. Other changes during the period included: our Health and Safety team moved from People and Performance to Regulatory Services, our Estates team moved from Economy and Culture to Strategic Housing, and our Communications and Marketing team moved from Economy and Culture to People and Performance.

3. Staff Equality Information: Overview

(Comparisons with 2019-20 as the start of the Strategic Equality Plan 2020-24)

Age

The proportion of employees in the 25-34 (18% to 16%) and 45-54 (28% to 25%) age range categories has decreased since 2019/20. This is reflected in increases in the 35-44 (23% to 24%), 55-64 (21% to 24%) and 65+ (4% to 5%) age range categories. The proportion of the overall workforce in the 16-24 age range category has remained at 6% over this period. Staff in the 16-24 age range continue to make up a higher proportion of casual roles (14%) compared to fixed-term and permanent roles (3%).

Disability

We now hold data about disabilities for 57% of staff, compared to 48% in 2019/20. Over the period the proportion of disabled staff (staff who have disclosed a disability) has increased from 1.6% in 2019/20 to 2.4% in 2023-24. There were 232 applications made by disabled applicants in 2023-24, which represented 5.6% of all applications. This is higher than in 2019-20 when there were 102 applications from disabled applicants (3.46% of all applicants).

Ethnicity

We currently hold data for 60% of staff on ethnicity, an increase of 7% since 2019-20. The proportion of ethnic minority (global majority) employees has increased from 1.57% of all employees in 2019-20 to 2.39% in 2023-24. There were 201 applications made by ethnic minority (global majority) people in 2023-24,

which represented 4.9% of all applications. This is significantly higher than in 2019-20 when there were 33 applications from ethnic minority (global majority) people (1.4% of all applicants). While the number of ethnic minority (global majority) applicants, and the number of ethnic minority (global majority) applicants shortlisted and appointed, is higher than any previous year, the proportion of applicants shortlisted and appointed is lower than for White British, Welsh, English, Scottish and Northern Irish applicants.

Pregnancy / Maternity

During this period there were 145 MATB1's (Maternity Certificate providing medical evidence of pregnancy and the baby's due date) submitted. This is similar to the previous year when there were 169 MATB1's submitted.

Sex (legislation definition)

The overall profile of the workforce (including all permanent, fixed term and casual workers) this year consisted of 72% females and 28% males, a slight change from previous years (including 2019-20) when it has been approximately 75% females and 25% males across all roles. The gender profile in terms of our permanent and fixed term staff was similar to the overall workforce profile (73% female, 27% male), while the gender profile of casual staff was 77% female and 23% male.

Recruitment

There were 4,114 applications for the 1,190 positions advertised in 2023-24 - an average of approximately 3.5 applications per position advertised. This compares to 2,316 applications for 504 vacancies in 2019/20 (4.6 applications per vacancy on average). A summary of applications, shortlisting and appointments by protected characteristics can be found in Table 12 below.

Leavers

This year there were 548 leavers, compared to 459 during 2019-20. Of the people who left in 2023-24: 422 people (77%) left Conwy voluntarily (338 people, 74% in 2019/20) and 120 people (22%) left involuntarily (121 people, 26% in 2019/20). A summary of leavers by protected characteristics can be found in Table 18a below.

Sexual Orientation, Gender Identity and Religion

These are the characteristics that we currently hold the lowest proportion of data for, although each has increased since 2019-20: Sexual Orientation (43% to 54%), Gender Identity (37% to 51%) and Religion/Belief (43% to 54%). Some analysis is included in the data below but this will be improved as we increase the data that we hold in these areas.

4. Employees currently working for us

Workforce on the 31st March 2024

On the 31st March 2024, we employed 4,771 people in a variety of permanent, fixed-term and casual positions across our services. Approximately 25% of people employed (1,205) held two or more posts with the Council during this period – for example, this might be a combination of part-time roles, a permanent role alongside a casual role and could be across multiple services. In total, there were 4,121 people who held one or more permanent or fixed term posts, and 1,511 people who held one or more casual posts. There has been a slight increase in the number of people employed this year, which could be attributed to services taking steps to reduce the number of agency workers, bringing some service provision in-house, and an increase in fixed-term posts funded via Shared Prosperity Funding.

Workforce Profiles based on equality monitoring data held

The pie charts below are based on the available equality monitoring data of the 4,771 people that made up Conwy's workforce on the 31st March 2024 – including permanent, fixed-term and casual roles. They are intended to provide a high-level illustration of the Council's workforce based on the information we currently hold.

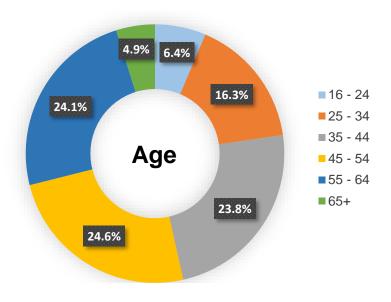

The profiles capture staff who have shared data as of the 31st March 2024, including 'Prefer Not to Say' responses but excluding where no data/response is currently available. At the time of the report we hold data for:

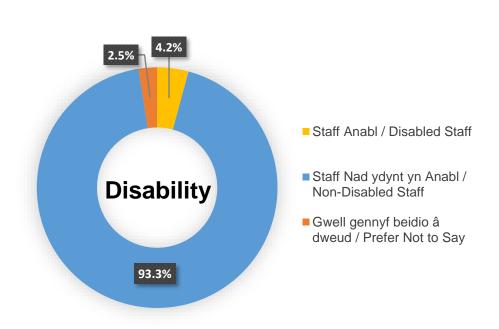

- 100% of staff on age and sex* (*sex recorded as Male/Female in line with HMRC requirements)
- 60% of staff on ethnicity
- 57% of staff on disability
- 54% of staff on sexual orientation
- 51% of staff on gender identity

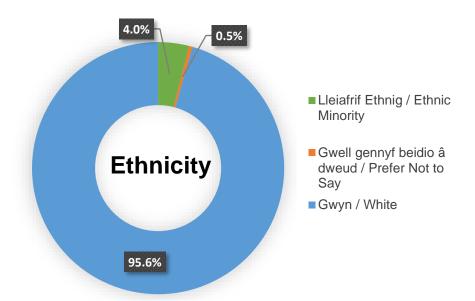

As noted previously, we have recently developed a survey to update the data that we hold to better our understanding of our workforce profiles. As part of this we have reviewed the response options offered (in the survey, and when data is collected as part of the application form) to ensure that free-text options are available as appropriate. This will ensure that people can best respond to questions in line with how they identify themselves and their beliefs, and free-text responses can be used to shape future response options. One of the main aims of the survey will be to collect data from schools, where the level of data

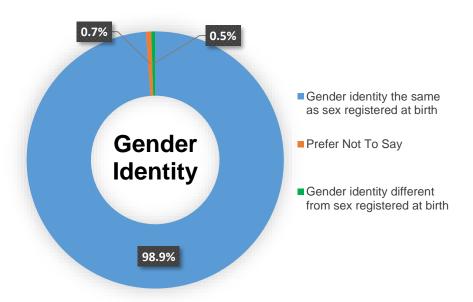

we currently hold is low - but provision of the data remains voluntary and staff always have the option to respond with the 'Prefer Not to Say' option.

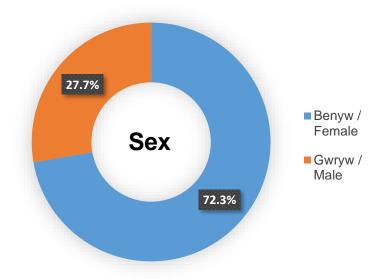

The survey will be accompanied by a set of Frequently Asked Questions, to explain why we are asking for the information and to reassure staff that any information shared is stored privately and securely. Inclusive language and terminology changes over time so as part of developing the survey we have reviewed the response options offered to staff to ensure they are inclusive. This means that the headings in this report may be subject to change in future versions.

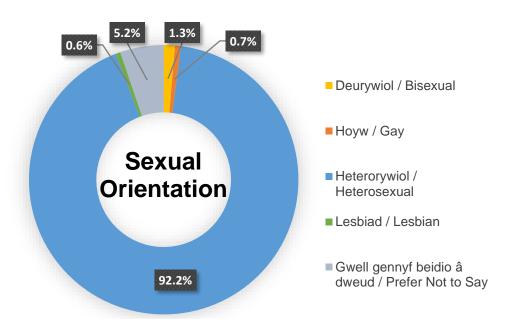

Note: The profiles above are based on the data we currently hold while figures in the tables below include all staff – including where no equality monitoring data (beyond age and sex) is currently held. As our data position continues to improve, the information below will provide a more accurate representation of our workforce.

Table 1 - Number of Permanent or Fixed Term Employees on the 31st March 2024

| | | | | Age | Range | | | Se | ex | | Married / | Gay, | Ethnic | _ | |

| Law & Governance | 11 | * | * | * | * | * | * | * | * | * |
| Regulatory Services | 1 | * | * | * | * | * | * | * | * | * |
| CCBC Total | 1,511 | 20 | 38 | 1 | 276 | 1 | 1 | 254 | 13 | 907 |

Note: The number of employees counted in Table 2a is based on the number of casual workers employed by Conwy on the 31st March 2024 (counted once, even though they may have more than one casual job).

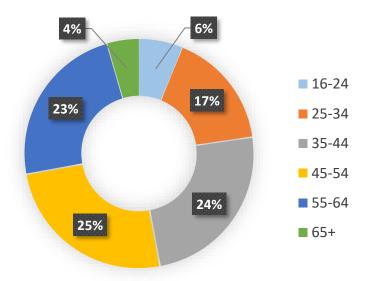

On the 31st March 2024, we held the following data by protected characteristic for all staff in Conwy:

| Protected Characteristic | Equality Data Held | Equality Data Held - Change from 2022-23 | % of All Employees | % of Fixed Term / Permanent | % of Casual |
|-----------------------------------------|-----------------------|---------------------------------------------|-----------------------|-----------------------------------|-------------|
| Sex | 100% | No Change | | | |
| Male | | | 28% | 27% | 23% |
| Female | | | 72% | 73% | 77% |
| Age | 100% | No Change | | | |
| 16-24 | | | 6% | 3% | 14% |
| 25-34 | | | 16% | 16% | 18% |
| 35-44 | | | 24% | 25% | 22% |
| 45-54 | | | 25% | 26% | 21% |
| 55-64 | | | 24% | 25% | 19% |
| 65+ | | | 5% | 4% | 6% |
| Disability | 56.8% | +2.7% | | | |
| Disabled Staff | | | 2.39% | 2.38% | 1.72% |
| Prefer not to say | | | 1.40% | 1.43% | 0.93% |
| Race | 60.4% | +1.9% | | | |
| Ethnic Minority (Global Majority) Staff | | | 2.39% | 2.16% | 1.99% |
| Prefer not to say | | | 0.27% | 0.27% | 0.13% |
| Marital / Civil Partnership Status | 99.2% | -0.2% | | | |
| Staff Married or in a Civil Partnership | | | 48.25% | 50.57% | 43.35% |
| Prefer not to say | | | 0.44% | 0.39% | 0.60% |
| Religion/Belief | 54.0% | +2.9% | | | |
| Religion Stated | | | 51.29% | 51.98% | 39.97% |
| Prefer not to say | | | 2.70% | 2.69% | 1.72% |
| Sexual Orientation | 53.8% | +2.9% | | | |
| Lesbian/Gay/Bisexual staff | | | 1.38% | 1.48% | 0.53% |
| Prefer not to say | | | 2.77% | 2.69% | 2.32% |
| Gender Reassignment | 51.3% | +3.6% | | | |
| Transgender staff | | | 0.25% | 0.24% | 0.13% |
| Prefer not to say | | | 0.34% | 0.34% | 0.13% |
| Pregnancy / Maternity* | - | - | | | |
| Pregnant or on Maternity Leave | | | 2.72% | 3.08% | 1.19% |

^{*}Percentage of female employees

When we have undertaken the survey we will review the data captured to consider further actions necessary to improve continued data capture (e.g. seeking to further understand why staff might choose to 'prefer not to say' when asked to disclose this information).

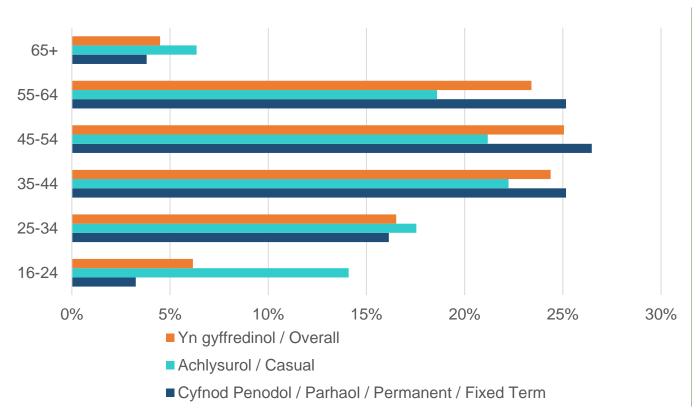

Age Profile of Conwy Workforce (Positions), 31st March 2024

The chart above displays the age profile of our workforce in 2023-24 (based on positions held). The table below shows these figures alongside the figures for last year to highlight any year-on-year change:

| Age Group | 2022-23 (%) | 2023-24 (%) |
|-----------|-------------|-------------|
| 16-24 | 6 | 6 |
| 25-34 | 16 | 17 |
| 35-44 | 24 | 24 |
| 45-54 | 25 | 25 |
| 55-64 | 24 | 23 |
| 65+ | 5 | 4 |

Age Profile of Conwy Workforce by Contract Type (Positions), 31st March 2024

| | Age 16-24 | Age 25-34 | Age 35-44 | Age 45-54 | Age 55-64 | Age 65+ |
|------------------------|-----------|-----------|-----------|-----------|-----------|---------|
| Permanent / Fixed Term | 3% | 16% | 25% | 26% | 25% | 4% |
| Casual | 14% | 18% | 22% | 21% | 19% | 6% |
| Overall | 6% | 17% | 24% | 25% | 23% | 4% |

Approximately two-thirds (67%) of the permanent and fixed term workforce fall within the 25-34 (16%), 35-44 (25%) and 45-54 (26%) age groups (1% more than in 2022-23). 29% of the permanent and fixed term workforce fall within the 55-64 and the 65+ age groups (compared to 30% in 2022-23). The age profile of casual staff is similar to last year. 32% of the casual workforce were aged between 16 and 34, compared to 33% in 2022-23. 25% of the casual workforce were aged 55 and above, the same as in 2022-23.

Disaggregated Ethnicity Profile of Conwy Workforce (Permanent, Fixed-term and Casual), 31st March 2024

The table below shows the disaggregated ethnicity profile of our workforce on the 31st March 2024, alongside the comparative working age profile of Conwy's population (people living in the county aged 16-64) from the 2021 Census.

The 'Workforce – Data Held' column shows this as a proportion of our workforce that we currently hold data for (excluding staff where no data is currently held), while the 'Workforce – Overall' column shows this as a proportion of our overall workforce (including people where no data is currently held). Moving forwards, we will be able to use this table as a benchmark for our anti-racism work as we continue to work towards an anti-racist Wales by 2030.

| Ethnicity (Census 2021 Categories) | Workforce - Data Held (%) (Excluding where no data held) | Workforce - Overall (%) (Including where no data held) | % of Conwy Working Age Population (Census 2021) |
|------------------------------------------------------------------------|----------------------------------------------------------------|--------------------------------------------------------------|-------------------------------------------------|
| Asian, Asian British or Asian Welsh: Bangladeshi | 0.00 | 0.00 | 0.00 |
| Asian, Asian British or Asian Welsh: Chinese | 0.22 | 0.13 | 0.13 |
| Asian, Asian British or Asian Welsh: Indian | 0.21 | 0.13 | 0.07 |
| Asian, Asian British or Asian Welsh: Pakistani | 0.07 | 0.04 | 0.00 |
| Asian, Asian British or Asian Welsh: Other Asian | 0.21 | 0.13 | 0.19 |
| Black, Black British, Black Welsh, Caribbean or African: African | 0.21 | 0.13 | 0.00 |
| Black, Black British, Black Welsh, Caribbean or African: Caribbean | 0.00 | 0.00 | 0.00 |
| Black, Black British, Black Welsh, Caribbean or African: Other Black | 0.03 | 0.02 | 0.00 |
| Mixed or Multiple ethnic groups: Asian and White | 0.21 | 0.13 | 0.08 |
| Mixed or Multiple ethnic groups: Black African and White | 0.10 | 0.06 | 0.00 |
| Mixed or Multiple ethnic groups: Black Caribbean and White | 0.31 | 0.19 | 0.00 |
| Mixed or Multiple ethnic groups: Other Mixed or Multiple ethnic groups | 0.42 | 0.25 | 0.03 |
| White: British, English, Northern Irish, Scottish or Welsh | 95.59 | 57.74 | 96.37 |
| White: Irish | 0.52 | 0.31 | 0.49 |

| Ethnicity (Census 2021 Categories) | Workforce - Data Held (%) (Excluding where no data held) | Workforce - Overall (%) (Including where no data held) | % of Conwy Working Age Population (Census 2021) |
|--------------------------------------------|----------------------------------------------------------------|--------------------------------------------------------------|-------------------------------------------------|
| White: Gypsy or Irish Traveller | 0.00 | 0.00 | 0.00 |
| White: Roma | 0.00 | 0.00 | 0.00 |
| White: Other White | 1.46 | 0.88 | 2.63 |

Gender breakdown by Contract / Salary / Job Type / Grade

Tables 3 - 6 below are based on the number of positions or posts filled within Conwy, rather than on the people (as shown in Tables 1 and 2). As previously noted, we have a large number of employees who hold multiple posts, often part-time and often across different job types and services. Conwy does not employ 6,570 employees - this is the total number of posts filled by permanent, fixed-term and casual staff.

Contract Type

Table 3 - Number of posts filled by Contract Type on the 31st March 2024

| | Perm | anent | Fixed | l Term | Casual | |
|--------|-------------|-------------|-----------|-----------|----------------|-------------|
| Sex | Full time | Part time | Full time | Part time | Variable hours | Total |
| Female | 1,196 (18%) | 1,778 (27%) | 195 (3%) | 220 (3%) | 1,565 (24%) | 4,954 (75%) |
| Male | 832 (13%) | 249 (4%) | 70 (1%) | 29 (0.4%) | 436 (7%) | 1,616 (25%) |
| Total | 2,028 | 2,027 | 265 | 249 | 2,001 | 6,570 |

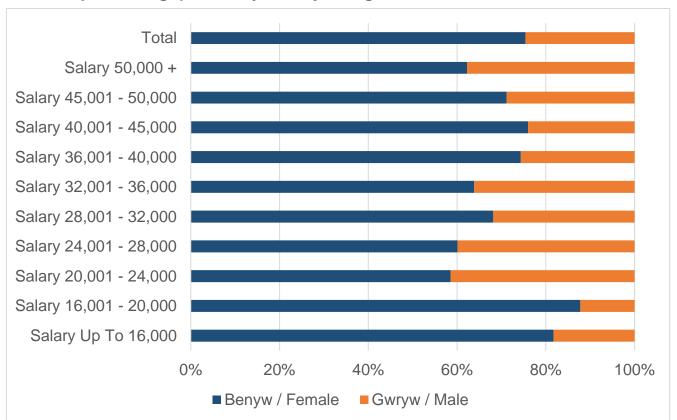

There are 39% males and 61% females in full time roles (permanent and fixed term posts) compared to 12% males and 88% females in part time roles (permanent and fixed term posts). This shows no significant change from last year.

In previous years, we have employed marginally more staff on a part time basis than on a full time basis in permanent and fixed term roles. However, recently there has been a trend of the gap gradually closing, and this year we employed marginally more full time staff (50.2%) than part time staff (49.8%) in permanent and fixed term roles (equivalent figures in the Employment Monitoring Report 2019-20 were 48.2% full time staff and 51.8% part time staff in permanent and fixed term roles).

We continue to promote flexible working options during recruitment and throughout employment to ensure that people are aware of the range of options available to them throughout their time with us.

Table 4 - Posts (number and percentage) filled by Salary Range on the 31st March 2024

| Sex | Salary Up To 16,000 | 10 1111 - | Salary 20,001 - 24,000 | Salary 24,001 - 28,000 | Salary 28,001 - 32,000 | Salary 32,001 - 36,000 | Salary 36,001 - 40,000 | Salary 40,001 - 45,000 | Salary 45,001 - 50,000 | Salary 50,000 + | Total |
|--------|------------------------|--------------|------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|--------------------|----------------|
| Female | 2,692 (82%) | 439 (88%) | 298 (59%) | 312 (60%) | 225 (68%) | 198 (64%) | 180 (74%) | 184 (76%) | 299 (71%) | 127 (62%) | 4,954 (75%) |
| Male | 602 (18%) | 61 (12%) | 211 (41%) | 207 (40%) | 105 (32%) | 112 (36%) | 62 (26%) | 58 (24%) | 121 (29%) | 77 (38%) | 1,616 (25%) |
| Total | 3,294 | 500 | 509 | 519 | 330 | 310 | 242 | 242 | 420 | 204 | 6,570 |

(Table uses pro-rata pay)

On the 31st March 2024 there were 6,570 posts filled within Conwy, 41% (2,692 posts) of which were occupied by female employees in the salary up to £16,000 range. The equivalent proportion last year was 43%. Over half of the posts held by females (54%), and over a third (37%) of the posts held by males, are within the salary range up to £16,000.

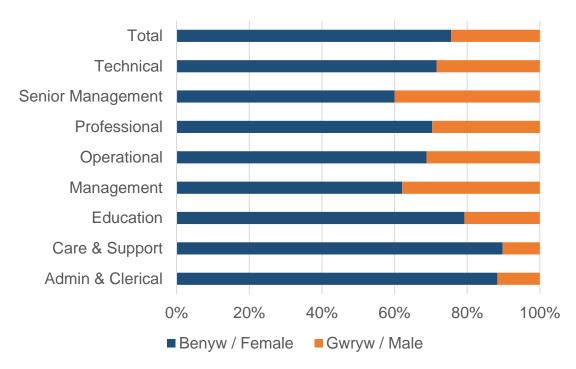

Positions within the 'Salary Up To £16,000' range, which are positions predominantly occupied by female employees (82%), are mainly in Education (68%) and Economy and Culture (20%). These are either casual (60.8%), part-time (39.2%) or apprenticeship (0.1%) roles. Within the 'Salary £16,001-20,000' range, which is also positions mostly occupied by female employees (88%), positions are predominantly within Education (68%), and Integrated Adult and Community Services (19%). These are part-time (99.8%) and full-time (0.2%) roles.

To support all staff with rising living costs we have published an Intranet page that shares sources of information with the aim of helping and advising staff with the rising cost of living. These pages include information on checking access to potential benefits/grants, food banks, advice and resources to help with the cost of energy and ways to make the most of staff benefits.

There has been a slight increase in the proportion of females in the £50,000 and over salary range at 62% this year, compared to 59% last year and 57% the year before that. This also represents an increase in the total number of female staff in this band, from 112 to 127, whilst the number of males in this band stayed the same at 77.

The 2022-23 pay salary scales above £50,000 included: Chief Executive, Directors, Heads of Service, Head Teachers, Deputy Head Teachers, Education Advisor/Inspectors, Grade G11 and Grade 12.

Table 5 - Number and percentage of posts filled by Job Type on the 31st March 2024

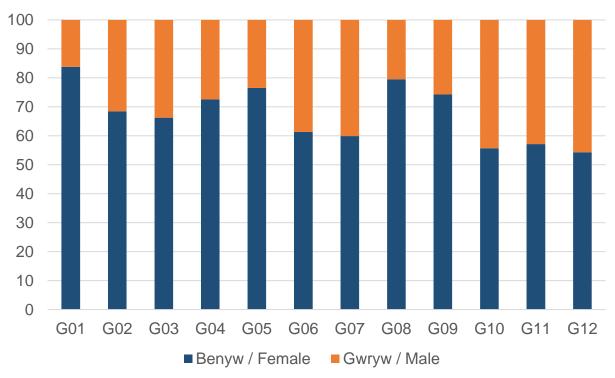

| Sex | Admin & Clerical | Care & Support | Education | Management | Operational | Professional | Senior Management | Technical | Total |
|--------|---------------------|-------------------|-----------|------------|-------------|--------------|----------------------|----------------|----------------|
| Female | 274 (84%) | 927 (89%) | 901 (80%) | 109 (64%) | 1,184 (69%) | 362 (70%) | 9 (56%) | 1,188 (72%) | 4,954 (75%) |
| Male | 52 (16%) | 114 (11%) | 228 (20%) | 60 (36%) | 530 (31%) | 154 (30%) | 7 (44%) | 471 (28%) | 1,616 (25%) |
| Total | 326 | 1,041 | 1,129 | 169 | 1,714 | 510 | 16 | 1,659 | 6,570 |

Note: 'Management' and 'Professional' both include people who manage employees.

64% (109) of management posts are held by female employees and 36% (60) are held by male employees. 56% (9) of senior management posts are held by females and 44% (7) by males. This represents a marginal increase in the proportion of females in Management job types, but a slight decrease in the proportion of females in Senior Management job types in comparison to last year (62% of Management roles, 60% of Senior Management roles). In comparison to the overall workforce profile of 75% female to 25% male employees, male employees remain under-represented in Administration and Clerical,

Care and Support and Education job types. Comparatively, female employees remain under-represented in Management and Senior Management job types in comparison to the overall workforce profile.

Table 6 – Number and percentage of posts filled by Grade on the 31st March 2024 (includes Full-time, Part-time and Casual)

| Sex | G01 | G02 | G03 | G04 | G05 | G06 | G07 | G08 | G09 | G10 | G11 | G12 |

| Total | 1,855 | 818 | 385 | 695 | 605 | 357 | 152 | 249 | 101 | 79 | 14 | 35 |

| Sex | Senior Management | Deputy / Head Teacher | Teacher | Education Advisory | Youth Worker | Modern Apprentice | Misc. | Total for all grades |
|--------|----------------------|--------------------------|-----------|-----------------------|-----------------|----------------------|----------|----------------------|
| Female | 9 (56%) | 97 (67%) | 792 (82%) | 11 (69%) | 17 (55%) | 5 (45%) | 32 (82%) | 4,954 (75%) |
| Male | 7 (44%) | 48 (33%) | 175 (18%) | 5 (31%) | 14 (45%) | 6 (55%) | 7 (18%) | 1,616 (25%) |
| Total | 16 | 145 | 967 | 16 | 31 | 11 | 39 | 6,570 |

"Education Advisory" includes non-school based employees such Education Inspectors and Psychologists.

28% of all posts across the Council are Grade G01, of which 84% are held by female employees and 16% by males. Within Grades G04, G05, G08 and G09 the split of males to females approximately mirrors the workforce profile of 78:22. When compared to the overall workforce profile, female employees are proportionately under-represented in Grades G02, G03, G06, G07, G10, G11 and G12 and as Deputy/Head Teachers (67%), Senior Management (56%) and Modern Apprentices (45%). Males are under-represented in Grade G01 (16%) and Teaching (18%).

5. Recruitment and Promotion

All job applications are inputted onto the HR/Payroll system through the web recruitment system. Applicants are required to complete equality monitoring information as part of the process (with the option to respond 'prefer not to say' to some questions). Equality monitoring information is only ever accessible by Human Resources staff as it is regarded as sensitive data (not recruiting managers), for use at an aggregated level for reporting and monitoring impact.

Personal details of applicants are not shared with recruiting managers until after shortlisting to ensure that the shortlisting process is free from discrimination and bias and that shortlisting is based on the details provided in the application form about the job, not about the person. We are currently reviewing steps that can be taken within iTrent to strengthen the anonymising of these details throughout the shortlisting process (e.g. removal of email addresses that can act as an identifier).

Between the 1st April 2023 and the 31st March 2024, there were 1,190 positions advertised, including posts that were readvertised and where there were multiple vacancies for one job advert. This is slightly higher than last year, when 1,097 positions were advertised, and remains high compared to recent years before that (572 in 2020-21, 504 in 2019-20 and 470 in 2018-19). 301 of the positions advertised this year were advertised more than once.

All promotions are made against an identified vacancy that has been advertised and the normal recruitment process followed, and we differentiate between internal and external applicants in the tables below to show internal promotions.

Table 7 - All Vacancies Advertised in 2023-24

(This includes adverts for full-time, part-time and casual positions, and includes where positions have been re-advertised)

Further analysis of the information in this table is available on pages 36 and 37.

Recruitment Analysis

In total, there were 4,114 applications for the 1,190 positions advertised between the 1st April 2023 and the 31st March 2024 - an average of approximately 3.5 applications per position advertised. This represents an increase of 0.5 applications per vacancy in comparison to last year (when there were. The chart below highlights the trend in average applicants per position advertised between 2019-20 and 2023-24:

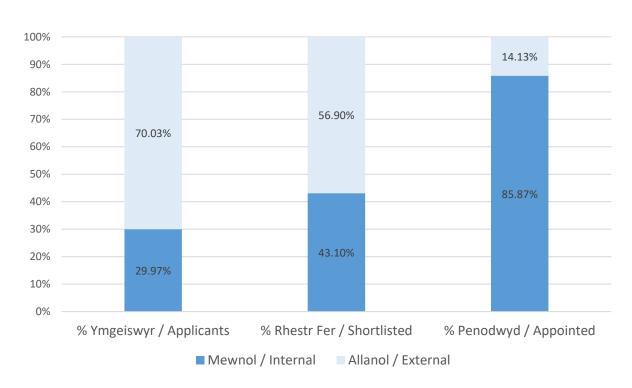

Work has been undertaken as part of a recruitment project to review recruitment and selection processes (e.g. simplified JDPS, exploring advertising avenues), and the reversal of the previous downward trend this year could indicate that steps to attract candidates have, in part, helped to address recruitment issues that have been experienced regionally and nationally.

This is also reflected in a lower number of positions being re-advertised this year than in the previous year. However, we know there are still many vacancies that are challenging to recruit to and we have started to review our Recruitment and Selection Policy (following appointment of a HR Policy Officer in 2024).

Internal V External Applicants

Chart 1 shows a considerable difference between the appointment rate of internal and external job applicants:

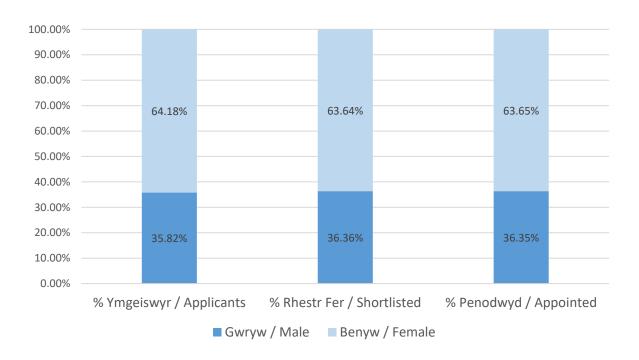

Chart 1 - Number of Applications compared with the Number Shortlisted and the Number Appointed by Internal and External Applicant:

Sex

Overall, 36% of all job applicants were male and 64% female and these figures changed very little at shortlisting and appointment stages, as can be seen in Chart 2 below. Applicant trends varied considerably between services. For example, Children Family and Safeguarding (87%), Integrated Adults & Community Services (74%) and Education (81%) attracted a high proportion of female applicants. In contrast, IT (80%) and Environment, Roads & Facilities (78%) attracted a high proportion of male applicants.

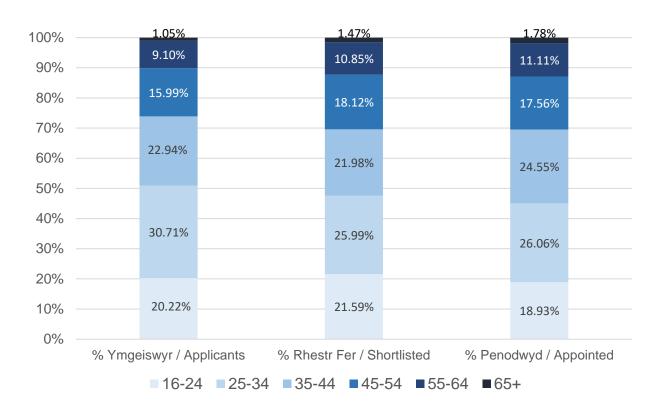

Chart 2 - Number of Applications Compared with the Number Shortlisted and Appointed by Sex:

Age

Almost a third of all applicants (31%) were aged 25-34, and almost a quarter (23%) of applicants were aged 35-44. In terms of appointments, people in the age groups 55-64 and 65+ made up approximately 10% of applicants and 13% of appointments, while people aged 25-34 made up 31% of applicants but only 26% of appointments.

Chart 3 - Number of Applications Compared with the Number Shortlisted and Appointed by Age:

Ethnicity

There were 201 applications from ethnic minority (global majority) applicants, which represents 4.89% of the total applications received, 3.22% of applicants shortlisted and 2.47% of applicants appointed. 32.84% of ethnic minority (global majority) applicants were shortlisted and 8.96% of ethnic minority (global majority) applicants were appointed.

While the overall number of ethnic minority (global majority) applicants, and the number of ethnic minority (global majority) applicants shortlisted and appointed, is higher than previous years, the proportion of applicants shortlisted and appointed is still lower than for all other applicants. All other applicants includes White British applicants (including White Welsh, English, Scottish and Northern Irish), applicants with no ethnicity data and prefer not to say responses. In future reports we will look to separate 'All other applicants' out into separate lines, for all related tables below.

Some initial work is underway to implement actions relating to inclusive recruitment, informed by the Empowering Diverse Communities into Employment engagement we carried out in collaboration with the North Wales Community Cohesion teams in 2023. We will be reviewing the recruitment training we offer to managers (as part of a wider Equality, Diversity and Inclusion training review) to ensure that inclusive recruitment is embedded within recruitment and selection across the organisation. We are also reviewing our Recruitment and Selection Policy to ensure that inclusion is embedded throughout.

| | Number Applied | % Applied | Number Shortlisted | % of all Applicants Shortlisted | % Shortlisted of Group | Number Appointed | % of all Appointed | % Appointed from Shortlist | % Appointed from Applicants |
|----------------------------------------------------|-------------------|--------------|-----------------------|---------------------------------------|------------------------------|---------------------|-----------------------|----------------------------|-----------------------------|
| Ethnic Minority (Global Majority) Applicants | 201 | 4.89% | 66 | 3.22% | 32.84% | 18 | 2.47% | 27.27% | 8.96% |
| All Other Applicants | 3,913 | 95.11% | 1,985 | 96.78% | 50.73% | 711 | 97.53% | 35.82% | 18.17% |
| Total Applicants | 4,114 | - | 2,051 | - | 49.85% | 729 | - | 35.54% | 17.72% |

Disability

The table below shows that 5.63% of all applicants were disabled applicants, which is a slight increase since last year in percentage terms (up from 4.79%) – and there was an increase in the number of applicants (232 compared to 159). The number of disabled applicants shortlisted increased again, from 98 last year to 125 this year. 4.53% of all appointments were disabled applicants, which compares to the overall workforce declaring a disability of 2.39%. 53.88% of disabled applicants were shortlisted compared to those not declaring a disability at 49.61%. 14.22% of disabled applicants were appointed, compared to 17.93% of people not declaring a disability being appointed. Overall, a slightly higher number of appointments of disabled applicants were made this year compared to last (33 compared to 27).

| | Number Applied | % Applied | Number Shortlisted | % of all Applicants Shortlisted | % Shortlisted of Group | Number Appointed | % of all Appointed | % Appointed from Shortlist | % Appointed from Applicants |
|------------------------|-------------------|--------------|-----------------------|---------------------------------------|------------------------------|---------------------|-----------------------|----------------------------|-----------------------------|
| Disabled Applicants | 232 | 5.63% | 125 | 6.09% | 53.88% | 33 | 4.53% | 26.40% | 14.22% |

| | Number Applied | % Applied | Number Shortlisted | % of all Applicants Shortlisted | % Shortlisted of Group | Number Appointed | % of all Appointed | % Appointed from Shortlist | % Appointed from Applicants |
|-------------------------|-------------------|--------------|-----------------------|---------------------------------------|------------------------------|---------------------|-----------------------|----------------------------|-----------------------------|
| All Other Applicants | 3,882 | 94.36% | 1,926 | 93.91% | 49.61% | 696 | 95.47% | 36.14% | 17.93% |
| Total Applicants | 4,114 | - | 2,051 | - | 49.85% | 729 | - | 35.54% | 17.72% |

Lesbian, Gay & Bisexual Applicants

The table below shows that 4.84% of applicants regarded themselves as Lesbian, Gay or Bisexual. Of all applicants who were shortlisted, 4.19% were Lesbian, Gay or Bisexual and 3.84% of all appointees were Lesbian, Gay or Bisexual. There was an increase in the number of Lesbian, Gay and Bisexual applicants (199 this year compared to 123 last year) and appointments (28 compared to 21) this year. Of all applicants who regard themselves as Lesbian, Gay & Bisexual, 43.22% were shortlisted and 14.07% appointed, compared to 37.50% shortlisted and 17.07% appointed respectively last year.

| | Number Applied | % Applied | Number Shortlisted | % of all Applicants Shortlisted | % Shortlisted of Group | Number Appointed | % of all Appointed | % Appointed from Shortlist | % Appointed from Applicants |
|-------------------------------------------|-------------------|--------------|-----------------------|---------------------------------------|------------------------------|---------------------|-----------------------|----------------------------|-----------------------------|
| Lesbian, Gay or Bisexual Applicants | 199 | 4.84% | 86 | 4.19% | 43.22% | 28 | 3.84% | 32.56% | 14.07% |
| All Other Applicants | 3,915 | 95.16% | 1,965 | 95.81% | 50.19% | 701 | 95.16% | 35.67% | 17.91% |
| Total Applicants | 4,114 | - | 2,051 | - | 49.85% | 729 | - | 35.54% | 17.72% |

Married/Civil Partnership / Religion & Belief / Gender Identity

These are the characteristics we currently hold the least data for. We are looking to improve levels of data so that further analysis can be carried out.

Summary

Chart 4 – Number of Applications Compared with the Number Shortlisted and Appointed by protected characteristic:

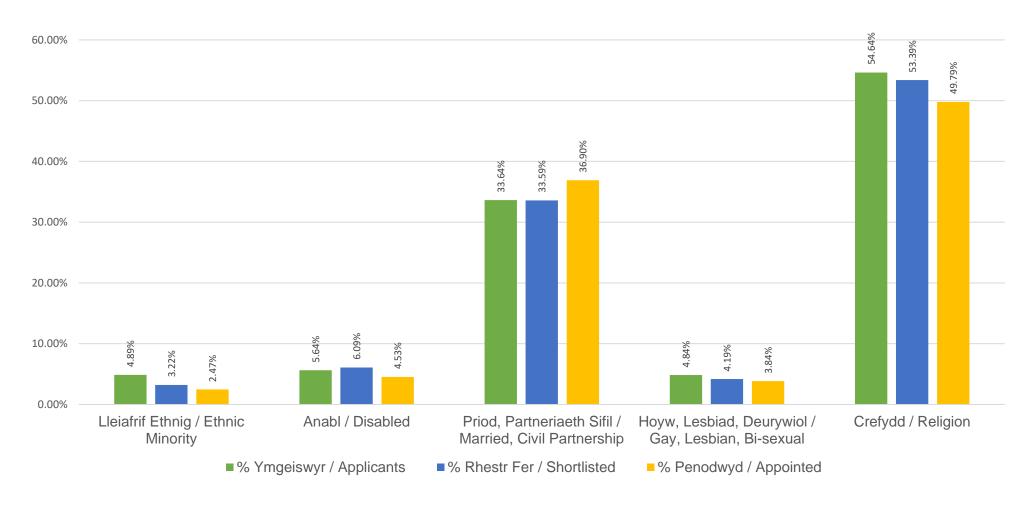

Table 12 - Summary of job applicants by protected characteristic, 2023-24

| | Applied | Shortlisted | Number expected to be shortlisted | Appointed | Number expected to be appointed | % of Applicants Shortlisted | % of Applicants Appointed | Analysis of Shortlisting | Analysis of Appointments |
|-----------------------------------------|---------|-------------|-----------------------------------|-----------|---------------------------------|-----------------------------|---------------------------|--------------------------|--------------------------|
| Male | 1,470 | 744 | 680 - 786 | 265 | 228 - 292 | 50.6% | 18.0% | As expected | As expected |
| Female | 2,634 | 1,302 | 1,242 - 1,384 | 464 | 425 - 509 | 49.4% | 17.6% | As expected | As expected |
| Ethnic minority (Global Majority) | 201 | 66 | 81 - 120 | 18 | 24 - 48 | 32.8% | 9.0% | Low | Low |
| Disability | 216 | 118 | 87 - 128 | 33 | 26 - 50 | 54.6% | 15.3% | As expected | As expected |
| 16-24 | 831 | 442 | 374 - 454 | 138 | 123 - 171 | 53.2% | 16.6% | As expected | As expected |
| 25-34 | 1,262 | 532 | 580 - 678 | 190 | 195 - 253 | 42.2% | 15.1% | Low | Low |
| 35-44 | 943 | 450 | 428 - 513 | 179 | 142 - 192 | 47.7% | 19.0% | As expected | As expected |
| 45-54 | 657 | 371 | 292 - 363 | 128 | 95 - 137 | 56.5% | 19.5% | High | As expected |
| 55-64 | 374 | 222 | 160 - 213 | 81 | 50 - 82 | 59.4% | 21.7% | High | As expected |
| 65+ | 43 | 30 | 12 - 31 | 13 | 3 - 13 | 69.8% | 30.2% | As expected | As expected |
| Married/Civil Partnership | 1,384 | 689 | 639 - 741 | 269 | 214 - 276 | 49.8% | 19.4% | As expected | As expected |
| Religion / Belief | 2,248 | 1,095 | 1,055 - 1,186 | 363 | 359 - 437 | 48.7% | 16.1% | As expected | As expected |
| Lesbian, Gay, Bisexual | 199 | 86 | 80 - 119 | 28 | 23 - 47 | 43.2% | 14.1% | As expected | As expected |
| All Applicants | 4,104 | 2,046 | n/a | 729 | n/a | 49.9% | 17.8% | | |

Note: 'Number Expected to be shortlisted' and 'Number expected to be appointed' figures have been produced via chi-square distribution, a statistical method of assessing the difference between observed and expected outcomes using a standard deviation based calculation.

6. Training Applications and Training Received

Corporate training courses, as set out in Conwy's Learning Academy, are booked and recorded on our HR/Payroll system via Employee Self-service (ESS). Where services arrange separate ad-hoc training for their employees, or employees have attended additional training, the employee can now record that additional training onto their training record via ESS. The line manager or Departmental Training Link Officer can still also record this onto the employee's training record. Therefore, the training records held on our HR/Payroll system should reflect all training that has been undertaken across the Council. Training data is collected and analysed in an attempt to ensure that access to learning and development opportunities are not influenced by any particular protected characteristics.

A workflow package for training applications has now run for 5 years that has helped to improve data collection in this area. This report includes data collated through web training requests and **Tables 13a and 13b** show training requests. This is unlikely to capture informal discussions between an employee and their manager where a training request was declined verbally and not recorded. Similarly, where mandatory training is booked for staff, this can sometimes be arranged without completing a training request form.

Tables 14a and 14b below show the formal training undertaken during the period 2023-24.

We support a variety of different ways for staff to learn, and attending formal learning booked and recorded via our HR/Payroll system is just one of the ways staff are supported to broaden their knowledge and build on existing capabilities. We recommend that staff incorporate a blend of learning activities, such as:

- Experiential Learning learning through experience, practice and on the job activities
- Social Learning through interactions such as collaborating on projects, receiving feedback and knowledge sharing
- Formal Learning structured learning such as training, workshops, webinars and e-learning

We have started to bring together resources (e.g. webinars, videos, podcasts and other resources) for an Equality, Diversity and Inclusion resource library, which will support self-led learning through a variety of learning styles. We are aiming to launch this in 2024 and will then continue to update and build the library over time.

Table 15 - E-Learning Equality Training: Modules undertaken by employees Engaging Diversity Module Completed from the 1st April 2023 to the 31st March 2024

| | Engaging Diversity | Total Number of Modules Completed (Ongoing) |
|------------------|--------------------|------------------------------------------------|
| No. of Employees | 85 | 3,259 |

The figure above does not include the overview presented in Corporate Induction, or staff who have attended subject specific training (e.g. racism awareness sessions, positive action, Gypsy, Roma and Traveller training, Equality Impact Assessment, Transgender Awareness training). We have progressed work to review training options and arrangements this year, including launching a Diversity and Inclusion module for managers through the Coaching Culture platform and expanding the initial rollout of introductory racism awareness sessions. This will be supported by the launch of Introduction to Inclusive Conwy training and a further review of training and learning opportunities for staff in relation to equality, diversity and inclusion.

Since January 2024 we have made the (Coaching Culture) Diversity and Inclusion modules available to 424 managers and staff with Coaching Culture access. Between January and July, the Introduction to Diversity and Inclusion module has been completed 85 times (20%), Creating a Psychologically Safe Environment completed 69 times (16%), Unconscious Bias completed 66 times (16%), Inclusive Leadership completed 64 times (15%), Coaching for Belonging completed 63 times (15%) and the Diversity and Inclusion scenarios have been completed 60 times (14%). Moving forwards, we will look at communications to promote the availability of the modules to increase take-up, and will look to make sure that the modules act as an equality, diversity and inclusion starting point for all new managers.

Table 16 - Analysis of completed Training Events from the 1st April 2023 to the 31st March 2024

| | No. of Training Applications | No. of Completed Training Events | As a % of All Completed Training Events | As a % of Staff Currently Employed (Permanent/Fixed Term) |
|-----------------------------------|------------------------------|-------------------------------------|-----------------------------------------------|-----------------------------------------------------------|
| Male | 829 | 816 | 24.71% | 17.28% |
| Female | 2,473 | 2,444 | 74.02% | 51.77% |
| Ethnic Minority (Global Majority) | 47 | 46 | 1.39% | 0.97% |
| Disabled | 154 | 153 | 4.63% | 3.24% |
| 16 - 24 | 204 | 198 | 6.00% | 4.19% |
| 25 - 34 | 572 | 570 | 17.26% | 12.07% |
| 35 - 44 | 880 | 863 | 26.14% | 18.28% |

| | No. of Training Applications | No. of Completed Training Events | As a % of All Completed Training Events | As a % of Staff Currently Employed (Permanent/Fixed Term) |
|-----------------------------|---------------------------------|-------------------------------------|-----------------------------------------------|-----------------------------------------------------------|
| 45 - 54 | 794 | 786 | 23.80% | 16.65% |
| 55 - 64 | 738 | 729 | 22.08% | 15.44% |
| 65+ | 114 | 114 | 3.45% | 2.41% |
| Married / Civil Partnership | 1,541 | 1,526 | 46.21% | 32.32% |
| Gay / Lesbian / Bisexual | 69 | 68 | 2.06% | 1.44% |
| Religion / Belief | 2,636 | 2,599 | 78.71% | 55.05% |
| Transgender | 6 | 6 | 0.18% | 0.13% |

829 training applications were received from males with 816 of those being completed (98%), and 2,473 training applications were received from females with 2,444 of those completed (99%). There were less training applications in total this year (3,302) than last year (3,647).

7. Attendance Management / Grievance / Disciplinary Action and other Cases

Table 17 – All Attendance Management / Grievance / Disciplinary Cases in 2023-24

| Cases | Total | Female | Male | Age 16 - 24 | Age 25 - 34 | Age 35 - 44 | Age 45 - 54 | Age 55 - 64 | Age 65+ | Ethnic Minority (Global Majority) | Disabled | Married / Civil Partnership | Gay, Lesbian, Bisexual | Religion & Belief | Transgender |
|------------------------------|-------|--------|------|-------------------|-------------------|-------------------|-------------------|-------------------|------------|--------------------------------------------|----------|-----------------------------------|------------------------------|----------------------|-------------|
| Improvement Notices | 305 | 209 | 96 | 15 | 54 | 66 | 65 | 94 | 11 | 9 | 11 | 135 | * | 176 | * |
| Grievance / Bullying | 3 | * | * | * | * | * | * | * | * | * | * | * | * | * | * |
| Disciplinary / Capability | 21 | 15 | 6 | * | * | * | 6 | 11 | * | * | * | 8 | * | 11 | * |
| Total | 329 | 227 | 102 | 16 | 56 | 67 | 72 | 107 | 11 | 9 | 13 | 143 | 4 | 189 | 2 |

Note: Any figures less than five are shown as * to protect the identity of individuals. Totals remain unchanged.

Note: Information under Grievance and Bullying cases includes complainants. Information under Disciplinary / Capability includes staff against whom a complaint was made.

The number of Sickness Absence cases this year is similar to last year's figures (309). Sickness absence cases include those where Absence Improvement Notices have been issued because staff have hit absence triggers. 3.6% of Absence Improvement Notices were issued to disabled employees, which is slightly higher than the workforce profile of 2.4% disabled staff.

69% of Sickness Absences cases involved female staff and 31% male staff, compared to the overall workforce profile of 72% female and 28% male. 3% of all sickness absence cases involved ethnic minority (global majority) employees which is slightly higher than the ethnic minority (global majority) workforce profile of 2.4%. There were proportionally more Sickness Absence cases involving employees within the 55-64 age group, equating to 33% of cases compared to 25% of the permanent and fixed term workforce in this age group.

We have started to revise our Anti-Harassment at Work Policy. We want to emphasise support for victims of harassment, and want to encourage staff to report their experiences. As part of revising our report and support arrangements we will look at how this information is captured and reported on in future reports, so that we can identify areas for priority action as part of our commitment to becoming an inclusive organisation.

8. Employees ending their employment with us

Table 18a – Leavers by Reason during 2023-24

| Total | 548 | 14 | 23 | 2 | 117 | 1 | 1 | 104 | 7 | 24 | 255 |

The leavers' information contained within this report has been obtained from the HR/payroll system for the period 1st April 2023 to 31st March 2024. Where an employee holds two or more jobs within the Authority, their record will be duplicated within this data, which may skew some of the statistics.

Between these dates, there were 548 leavers, compared to 563 in 2022-23. Of these: 422 people (77%) left Conwy voluntarily (424 last year) and 120 people (22%) left involuntarily (134 last year), the majority of which (70 staff, 58% of involuntary leavers) left due to the end of a temporary contract.

12 staff (2.19%) left due to compulsory redundancy, 38 (6.93%) employees were dismissed in this period of which 25 (4.56%) were dismissed on ill health grounds.

There were 30 redundancies (12 compulsory, 18 voluntary) during the period, which came about for a variety of reasons such as budget reductions, changes to grant funding requirements, the cessation or decline in work, restructures where staff either declined an alternative role as unsuitable, or did not meet the skills and/or qualifications of a different role. Robust consultation and processes including redeployment considerations always precede any redundancy situation to ensure employment laws are complied with and that a fair process is followed.

Work has been undertaken to digitise the exit interview form (via Dashboard) and we are finalising arrangements ahead of launching the new process. Digitisation will enable us to collate more meaningful data and learning points about the reasons staff leave the authority in real-time.

Table 19 – Percentage of leavers by protected characteristic, 2023-24

| Protected Characteristic | % of Voluntary Leavers | % of Involuntary Leavers | % All Leavers | % of Staff Working for Us |
|-----------------------------------|---------------------------|--------------------------------|---------------|---------------------------------|
| Male | 24.64% | 35.00% | 27.37% | 27.73% |
| Female | 75.36% | 65.00% | 72.63% | 72.27% |
| Ethnic minority (Global Majority) | 0.71% | 0.83% | 0.73% | 2.39% |
| Disabled | 3.55% | 3.33% | 3.47% | 2.39% |
| 16 - 24 | 5.69% | 20.00% | 8.76% | 6.37% |
| 25 - 34 | 15.17% | 14.17% | 14.78% | 16.33% |
| 35 - 44 | 22.04% | 12.50% | 19.89% | 23.79% |
| 45 - 54 | 16.59% | 17.50% | 17.15% | 24.59% |
| 55 - 64 | 25.36% | 22.50% | 24.64% | 24.06% |

| Protected Characteristic | % of Voluntary Leavers | % of Involuntary Leavers | % All Leavers | % of Staff Working for Us |
|---------------------------|---------------------------|--------------------------------|---------------|---------------------------------|
| 65+ | 15.17% | 13.33% | 14.78% | 4.86% |
| Married/Civil Partnership | 54.03% | 35.00% | 49.45% | 48.25% |
| Gay, Lesbian, Bisexual | 3.55% | 1.67% | 3.10% | 1.38% |

Ethnicity

In this period 0.73% (4) of all leavers were from an ethnic minority (global majority) background, compared to 0.89% (5) in 2022-23.

Disability

In this period 3.47% (19) of all leavers were disabled, compared to 1.24% (7) in 2022-23.

Sex

This year, as in previous years, there were a higher number of female employees leaving the organisation than male employees. Of those employees who left the Authority, 72.63% (398) were female and 27.37% (150) were male, broadly similar to the overall workforce profile.

Age

8.76% of leavers were from the 16-24 age group, 14.78% from the 25-34 age group, 19.89% from the 35-44 age group, 17.15% from the 45-54 age group, 24.64% from the 55-64 age group and 14.78% from the 65+ age group.

Marriage/Civil Partnership

Of those employees that left the Authority 49.45% declared that they were married or in a civil partnership. The majority of these employees left voluntarily with reasons cited such as left for another job, resignation and retirement.

Lesbian, Gay, Bisexual

In this period 3.10% (17) of all leavers were Lesbian, Gay or Bisexual, compared to 1.07% (6) in 2022-23.

Religion and Belief

Of those who left during this period 49.45% declared information regarding having a religious belief or no religious belief, which is similar to the previous year (48.85%). Of all leavers, 21.35% were Christian and 18.98% reported no religion. Voluntary resignation was the main reason for leaving the Authority.

Transgender

There were no employees who left during this period who identified as transgender.

9. Looking Forward

The information contained in this report is used to identify if there are any differences between groups that need to be investigated further to identify the reasons behind any anomalies and address any unfairness, disadvantage or possible discrimination within employment policies. Specific actions identified from this report include:

| Actions Identified | Steps Taken |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Improve the levels of equality monitoring information we hold | We have drafted a survey (alongside a set of FAQs explaining why we are asking for the information) to share during National Inclusion Week 2024. Improving the levels of data held is crucial to be able to gain a more accurate overview of our workforce and to better monitor the impact of our policies |
| Review options for staff support and engagement | While quantitative diversity data is useful, it is important that we listen, learn and act from staff's lived experiences to create an inclusive culture. Our Equality, Diversity and Inclusion (EDI) Steering Group started to meet in early 2024 and we will be asking staff whether they would value network groups as part of our survey |
| Improve outcomes for disabled, ethnic minority (global majority) and LGBTQ+ applicants in our recruitment processes by: i. Reviewing our Recruitment & Selection Policy ii. Implementing actions and best practice recommendations from the Empowering Diverse Communities into Employment engagement carried out in Summer 2023 iii. Developing and implementing Positive Action Guidance to target areas of improvement for attraction and selection of candidates (using | Following the appointment of a HR Policy Officer in July 2024, we have started to review our Recruitment & Selection Policy. As a starting point, we have introduced an inclusive recruitment strand to our recruitment project and have updated some of the wording on our job adverts and Job Descriptions to highlight our commitment to creating a diverse and inclusive workforce. A follow up to the 2023 engagement is currently being planned by Community Cohesion teams and we will explore how we can support this work. |

| Actions Identified | Steps Taken |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| equality monitoring data as part of an evidence base) iv. Accessible Recruitment Pathway Pilot for People with Learning Disabilities | People with Learning Disabilities please see our Annual Report |
| Review our Policy Against Harassment at Work | Our anti-harassment policy is currently being revised and updated to give greater emphasis on support for victims of harassment and to encourage staff to report their experiences. The amended policy will be clearer in its content and purpose, particularly in terms of report and support processes |
| Continue to review EDI learning options and arrangements | In 2024, we rolled-out introductory racism awareness sessions and introduction to Inclusive Conwy training opportunities for staff. These are intended to introduce to staff to our person-centred EDI approach and we are looking to build a tiered training offer within the resources available — via a combination of formal training opportunities, elearning and an EDI Resource Library to support self-led learning through a range of learning styles |
| Review our Attendance Management Policy | Work to review our Attendance Management Policy will commence in 2024-25 and data from this report we be used as part of the evidence-base for policy decisions |
| Undertake an analysis of exit interviews to determine the reasons for resignations and identify if further actions and resources are required to improve retention | Our exit interview process has now been digitised. Once the digitised process is launched and embedded we will be able to draw out and analyse information more easily from exit interview forms |

Updates on identified actions will be reported on in our Inclusive Conwy Plan 2024-28 annual reports.
