

Canolfan Nofio Llandudno Swimming Centre *Amerlen Nofio / Swimming Timetable*

Changes to opening hours

From September, 2017 Llandudno Swimming Centre would like to inform of a major change to their current opening hours.

The amendments are listed below but the following statement aims to inform customers as to the reason for this change.

The centres current programme has allowed the school education programme to run alongside general public access. As one of the few pools to operate in this manner the Council's new school Safe Practice in School Swimming Policy has highlighted that this practice needed to be reviewed.

This review has now taken place and has highlighted that our current operation presents an unacceptable risk in relation to child welfare and one that needs addressing as soon as possible.

Therefore, as highlighted above, as from the 11th September through to the 25th May, 2018 the pool will be **closed to the public between the hours of 09:00 and 12:15**. The hours prior (06:30 – 09:00) and after (12:15 – 15:45) will be unaffected. Details of our opening hours are displayed in the centre and also available on our website

www.conwy.gov.uk

We would like to take the opportunity of apologising for any inconvenience that these changes may cause and inform that they will be effective for a maximum of 25 weeks throughout the year. Outside of the period highlighted above (including all school holidays) the centre will revert back to its original timetable.
